

## **REMARKS**

### **The Rejections Under 35 USC § 112, first paragraph**

The term “or complications thereof” is removed from rejected claim 19 without prejudice or disclaimer, rendering this rejection moot.

### **The Rejections Under 35 USC § 101 and § 112, second paragraph**

Upon a second look applicants agree with the Examiner that antecedent basis was not present to the objected material in claim 6. Such antecedent support is added to claim 1. Support can be found, for example in original claim 6 and on page 6, lines 15-18, of the specification.

The unmatched parenthesis is removed from claim 1. This unmatched parenthesis was inadvertently created in the last Reply.

Claims 15 and 17 are cancelled without prejudice or disclaimer.

### **The Rejections Under 35 USC § 102**

Applicants respectfully disagree with the rejection for reasons of record, but to advance the application to allowance, amended the claims to X being S. Compounds where X is S are not taught or suggested by FR ‘199.

### **Claim Objections**

The non-elected matter from claim 23 is removed.

Claim 8 is rewritten in independent form. Pharmaceutically acceptable salts of the compounds of said claim are added. Support can be found, for example, in claim 1, from which claim 8 depended. Claim 19 is made dependent on claim 8.

### **Additional Claim Amendment**

In claim 6 the term X is S is deleted since such does not further limit claim 1.

Applicants respectfully submit that the application is in condition for allowance. If any issues remain, the Examiner is requested to contact counsel via the contact information provided below.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,

/Csaba Henter/
